

Thomas J. Kenter
CAO / CFO / Senior Finance Executive
Business Partner to CEO's & COO's

Mr. Kenter is a versatile and strategic Finance executive with significant cross functional expertise and the ability to drive results. Tom excels at being a team member that optimizes business processes through understanding key business drivers, working with operations personnel, and using leading process improvement techniques. He is a change agent with a broad management background that includes areas of expertise in leadership, change management, business strategy, financial reporting, strategic procurement, cost reduction, process improvement, risk management, cash management, human resources, and IT infrastructure.

Tom has built the infrastructure needed to leverage resources/synergies between a variety of functions that resulted in \$20M+ of savings/cost reductions and a lean corporate structure. He oversaw development/implementation of a new ERP / P2P solution, and drove continuous improvement efforts. He led the effort to rationalize H&W benefit offerings that generated savings in excess of \$5M/ per year. He has been the member of the senior management team that grew its business from \$500M to \$1.3B over a 5-year period.

*The pursuit of excellence in the face of adversity is
invariably matched by the glory of the result.*

Tom has more than twenty years of senior management experience in manufacturing, distribution, and service environments. Tom has worked as a Chief Administrative Officer, Senior Vice President of Strategy, Vice President of Improvement, Vice President of Finance, and as a Controller.
